

2011 NWAAAE Awards Nominations

- Corporate Award of Excellence -

The NWAAAE presents the “Corporate Award of Excellence” to a company whose professionalism and recent contributions to the association and the airport industry have made a significant difference in fostering aviation.

- Aviation Excellence Award -

The “Aviation Excellence Award” is intended to recognize those airport management professionals, other than the person having primary responsibility for the airport, which have gone out of their way and given substantial extra effort to ensure the promotion, operations, maintenance or development of aviation and/or the airport. The recipient should be a person of exceptional qualities who may perform management, supervisory, operational, engineering, planning or maintenance functions in the second or other level of the airport organization.

- Airport Executive of the Year -

The “Airport Executive of the Year” award is intended to be given to the airport management professional with high-level responsibility for the airport. The goal of the award is to commend an airport executive who has demonstrated superior performance in the following areas:

- Providing public service to the community in the form of an efficient air transportation facility;
- Public relations accomplishments in the areas of “Good Neighbor Relations”;
- Environmental achievements in the areas of aesthetics, noise or pollution reduction or control;

- Efficient handling of the administrative complexities of state and federal grant programs;

- Personal integrity and professional reputation, both in the public community and among peers in the airport management field.

Candidates for the above three awards are nominated by the membership and all nominations are reviewed by the Chapter’s Nominating Committee and a single recipient for each award is selected. Awards will be presented during the banquet at the annual NWAAAE Conference.
