MEMORANDUM

TO: Northwest Chapter AAAE Members

FROM: David R. Ulane, A.A.E., President

RE: Call for Chapter Representatives to AAAE Committees

DATE: May 24, 2004

One of my desires as President is to annually assign a list of Chapter representatives to pertinent national AAAE committees. Although we have had Chapter members participating in many of these committees for several years, those members have not always participated on behalf of the Northwest Chapter. At our Chapter meeting in Las Vegas next month, I would like for our Chapter to designate one primary and one secondary individual to participate in each of the following AAAE Committees on behalf of the Chapter. I have already listed some of the Chapter members who have had long-standing membership on these committees, who are serving as committee chairs, and/or who have already contacted me about participating. If I've forgotten someone, I apologize.

In this role, we would like the committee members to attend as many of the committee meetings as possible, stay up to date on committee activities, offer chapter-derived input to the committee, and provide updates to the Chapter membership at our meetings. For more information on committee roles, please visit AAAE's committee website at <http://www.airportnet.org/depts/committees/index.htm>.

If you are interested in participating as a Chapter representative on one or more of the following committees, please call me at (435) 634-5822 or via email at dulane@infowest.com. I look forward to hearing from you.
